The Financial Proposal has to be supported by a breakdown of costs, as per template provided. Preferred Currency of Offer: United States Dollars (US$). If an Offeror is employed by an organization/company/institution, and he/she expects his/her employer to charge a management fee in the process of releasing him/her to UNDP under Reimbursable Loan Agreement (RLA), the Offeror must indicate at this point, and ensure that all such costs are duly incorporated in the financial proposal submitted to UNDP.

5. FINANCIAL PROPOSAL

Lump sum contracts
The financial proposal shall specify a total lump sum amount, and payment terms around specific and measurable (qualitative and quantitative) deliverables (i.e. whether payments fall in installments or upon completion of the entire contract). Payments are based upon output, i.e. upon delivery of the services specified in the TOR. In order to assist the requesting unit in the comparison of financial proposals, the financial proposal will include a breakdown of this lump sum amount (including travel, per diems, and number of anticipated working days).

Travel:
All envisaged travel costs must be included in the financial proposal. This includes all travel to join duty station/repatriation travel. In general, UNDP should not accept travel costs exceeding those of an economy class ticket. Should the IC wish to travel on a higher class he/she should do so using their own resources.
In the case of unforeseeable travel, payment of travel costs including tickets, lodging and terminal expenses should be agreed upon, between the respective business unit and Individual Consultant, prior to travel and will be reimbursed.

6. EVALUATION

Individual consultants will be evaluated based on the following methodologies:

*Cumulative analysis*
Offers will be evaluated according to the Combined Scoring method: where the technical criteria will be weighted at 70% and the financial offer will be weighted at 30%.

Applicants obtaining 49 points or more of the total technical points will be considered for financial evaluation.
Financial score (max 30 points) shall be computed as a ratio of the proposal being evaluated and the lowest priced proposal of those technically qualified.
